

FY 2020 CenDel COVID-19 Community Response Fund Scoring Guide

Ratings	3 – Excellent	2 – Fair	1 – Poor
Crisis Impact and Response	Proposal provides full details of how the crisis is impacting the organization and how the organization is meeting community needs.	Proposal provides some details of COVID-19 impact and current response.	Proposal shows limited impact to the organization and no or a limited response to help the Kent County community.
Immediacy	Application shows an immediate need for critical funding to address the COVID-19 crisis.	Application shows a need for funding, but the need is less-immediate and indirectly related to the COVID-19 crisis.	The application failed to show any need for immediate funding or the need for funding is not directly related to COVID-19.
Use of Funding	Application clearly states how funding will be used to support specified populations and lays out, in detail, how success will be measured.	Details are offered about community impact, but it could be more thorough.	Little to no information is offered about the impact of funding or how success of the funding would be measured.
Long-Term Health of Organization	Financial health of the organization is documented clearly and accurately.	Financial information was provided, but the information presented was weak or lacking detail.	No financial information was provided.
